

# WOUND CARE AWARENESS

Educating people about advanced wound care to heal and change lives

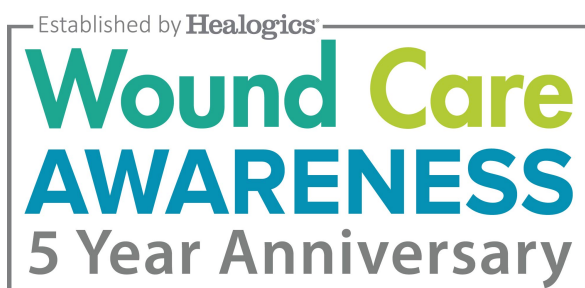

Join Us  
June 4-8, 2018

Currently, 6.7 million people in the United States are living with chronic wounds. Due to the lack of awareness of advanced wound care, the vast majority of these people do not receive the treatment they need and deserve.

We are excited to announce the fifth annual  
Wound Care Awareness Week  
Monday, June 4, to Friday, June 8, 2018

This week is dedicated to raising awareness of advanced wound care and its benefits for every patient living with chronic, non-healing wounds. Through this effort, we will raise awareness of the chronic wound problem and help community physicians identify patients who may benefit from advanced wound care.

HELP US RAISE AWARENESS ABOUT THE BENEFITS OF ADVANCED WOUND CARE
